

FILED

Dear Sir,
My name is Donald R. Smith
I am 83 yrs. old. I am a
City of Detroit retiree with 25 yrs
of service with the Employment
Training Dept. My wife Lois
is also a retiree of the City of
Detroit.

The proposed 34% cut
in our retiree benefits would
be traumatic and devastating.
Due to our age starting over
would be impossible. We had
nothing to do with the financial
crises that the City forced it-
self in.

Our pension is a major
source of our income, present and
future. Results of our pension at
any health care increase, would be
tragic.
Your decision will

affect the lives of thousands of
retirees, present and future.

Yours very truly,
David H. Wright
